

## Harmony 3 Family Access

Harmony 3 is the school management software used by Decatur County Community Schools. It provides some great features to parents and students, such as viewing grades, attendance, school fees, and lunch account usage and balances. Parents can create one account for all of their students enrolled at North Decatur whether they are elementary or high school students. Instructions for setting up Harmony 3 Family Access and your student's access code can be requested by contacting your child's school. You will need a separate access code for each student.

YOU MUST HAVE A FAMILY ACCESS ACCOUNT TO COMPLETE ONLINE REGISTRATION.

## Registration

Decatur County Community Schools offers parents the opportunity to complete the majority of school registration paperwork and fees online through parent Harmony 3 Family Access accounts. Parents must have a Harmony account already set up to register students online. *Student Harmony accounts cannot be used for registration.* For more information about creating a Family Access account, please see above.

If you do not have home internet and a device or you need help creating your parent Harmony 3 account, just visit your child's school, and DCCS can assist with registration on-site. You will also be able to pay your school fees online or by cash/check at the school.

**\*\*WE ASK THAT STUDENTS NEW TO DCCS VISIT OUR SCHOOL TO ENROLL AND REGISTER.**
